

CODE ENFORCEMENT OFFICER'S AUTHORIZATION FOR NEW ELECTRIC SERVICE INSTALLATION

Reason for this form: The Subdivision Control Law and the Shoreland Zoning Law of Maine prohibit a public utility from installing services to a lot in a subdivision (Title 30-A, § 4406.3), or a structure in a shoreland area (Title 38 § 444) without appropriate municipal authorizations.

If a lot is in a subdivision, approval must be granted by the municipal planning board; or if none, by the municipal officers. The completion of Section 1 below will let the utility know whether subdivision approval is required, and if so, whether it has been granted.

If a structure is in a shoreland area, the municipal code enforcement officer must certify that all local permits have been issued. The completion of Section 2, below, will let the utility know whether the area in question is in a shoreland area, and if so, whether the necessary permits and approvals have been granted.

Eastern Maine Electric Cooperative appreciates the cooperation of municipal officials in the completion of these forms so that planning and zoning objectives may be met.
